Sensorik Sensors

Induktivsensoren
Inductive sensors

DAITEC
Development & Technology
for Automation and Industry

Ultraschall
Ultrasonic

Lichtschranken
Light barriers

Distanzmessung
Distance measuring

Laser
Laser

Induktiv
Inductive

Kapazitiv
Capacitive

Sensorik Sensors

DAITEC
Development & Technology
for Automation and Industry

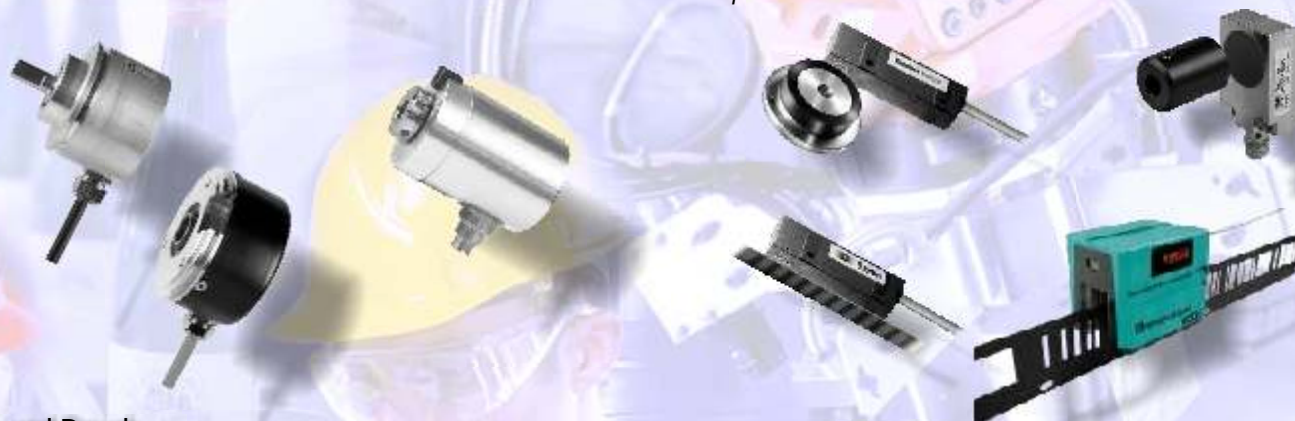

Encoder Encoder

Inkremental
Incremental

Absolut
Absolute

Spezial - Berührungslos
Special - No mechanical contact

Kraft und Druck
Force and pression

Inklination
Inclination

Temperatur / Wetter
Temperature / Weather

Systeme für Automation Automation systems

DAITEC
Development & Technology
for Automation and Industry

SPS
PLC

Remote I/O
Remote I/O

Buskoppler
BUS Coupler

Module
Modules

COM
RS232/RS422/RS485

Digital I/O
Digital I/O

Analog I/O
Analog I/O

Servoverstärker
Servo amplifiers

Spezialkomponenten
Special components

WEB Server
WEB server

Wireless Verbindung
Wireless connection

Signaltrenner
Signal separators

Systeme für Automation *Automation systems*

DAITEC
Development & Technology
for Automation and Industry

Bedienterminals
Operator panels

Industrie PC - Workstations
Industrial PC - Workstation

Komponenten für Automation *Automation components*

DAITEC
Development & Technology
for Automation and Industry

Funktionsmodule *Functional modules*

GSM Kommunikation / Fernwirken *Communication / Remote controlling*

Schnittstellen- und Signalkonverter / Überspannungsschutz / Netzteile *Interface converters / Over tension protection / Power supplies*

Automation components

Relays / Switches

Development & Technology

Inverter / Servodrives

Kamera Kontrollsysteme *Camera control systems*

DAITEC
Development & Technology
for Automation and Industry

Objekterkennung
Object identification

Laser Marker
Laser marker

Transponder & Zutrittskontrollen

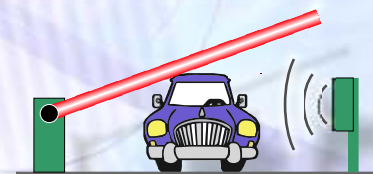

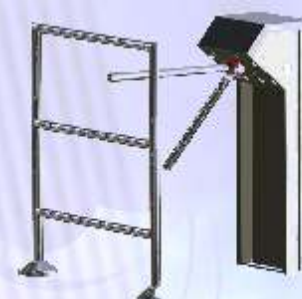

Transponder and Access control

DAITEC
Development & Technology
for Automation and Industry

Transpondersysteme Passiv / Aktiv
Passive / active transponder systems

Zutrittskontrollen, Zeiterfassung, Logistik
Access control, Timing, logistics
